

Biodiar oral

Feed additives for animals in oral form

COMPOSITION:

Natural components:

- Sweet chestnut extract
- Clove oil

Preservatives and solvents:

- Glycerin
- Purified water

USE:

Biodiar solution is a 100% natural product that has a local astringent, anti-inflammatory and antibacterial action, based on the presence of tannins and eugenol. Tannins have the ability to bind proteins and thereby bind toxins and bacteria in the gastrointestinal tract. React with the cell wall of bacteria, damaging it and prevent bacterial reproduction. Also tannins have anti-hemorrhagic properties. Eugenol has a strong antibacterial effect, but it is very effective in combating fungal and protozoal infections. It works analgesic, antiflogistic in the gastrointestinal tract and stimulates the secretion of digestive enzymes. In the urinary tract it reacts antiseptic and anti-inflammatory. It is a strong antioxidant. Antidiarrheal Biodiar effect is very fast and reliable. After Biodiar application the diarrhea stops in a few hours.

TARGET SPECIES: poultry, pigs, rabbits, cattle, sheeps, pigeons, dogs, cats

DOSAGE:

If there are possibilities, best way is to divide daily doses in 2 equal doses per day.

Broilers, turkeys and layers, breeders, swine, rabbits and pigeons: 1 liter per 1000 liters of drinking water, minimum 5 days

Adult cattle- individual treatment, per os: 150-300 ml per animal, divided into 2 equal doses per day, minimum 5 days.

Calves: 50-150 ml per animal, divided into 2 equal doses per day, minimum 5 days

Sheep: 10 ml per 15kg BW, divided into 2 equal doses per day, minimum 5 days

Piglets: individual treatment, per os, 1 ml per 10kg BW daily, 5- 7 days

Piglets which are less than 10kg BW, minimum dose is 1 ml per day, 5-7 days.

Dogs and cats: dose is 1ml per 4kg BW daily, 3-7 days

Dogs and cats that have a BW lower than 4 kg dose is 1 ml per day, 3-7 days.

Biodiar solution can be applied for several months continuously, especially in young animals, in critical moments of breeding.

CONTRAINDICATIONS: None described

ADVERSE REACTION: None

WITHDRAWAL PERIOD: None

SPECIAL PRECAUTIONS: Store protected from humidity and light, on a temperature up to 25°C. Keep away from children.

WAY OF ISSUE: Without a prescription

PRESENTATIONS: 1 L

HEALTH CONTROL FACILITY NUMBER: RS 31-029

PRODUCER NAME AND HEADQUARTERS: Vetplanet doo Vrsac, Vojvodjanskih brigada 16, Serbia
