

HEPAREN detox Gel

Feed additives for animals in gel

COMPOSITION:

Vitamins:

- Choline chloride
- L Carnitine
- Betaine

Amino acids:

- Lysine

Nutritional supplements:

- Sorbitol

Natural components:

- Artichoke extract
- Rosemary extract
- Parsley extract
- Wormwood extract
- Fenugreek extract

Preservatives and solvents:

- Glycerin
- Xanthan gum
- Purified water

USE:

HEPAREN detox has a strengthening effect on the metabolism and immunity, improving appetite and feed utilization.

The big advantage is its stabilizing effect on parenchymal organs (liver, kidneys) especially valuable for frequent practice poisoning. Preferably also interacts water intake is reduced.

Sorbitol: stimulates biliary functions therefore nutrients assimilation (especially emulsification of fats and absorption of fat-soluble vitamins: A, D, K and E).

Choline: an acetylcholine precursor, involved in lipid metabolism.

Betaine: methyl containing amino acid, its lipotropic function avoids fatty liver. It has a role of an osmotic agent that is used by the cells in order to protect from osmotic stress, dehydration or heat stress.

Lysine: an aliphatic amino acid which is an essential constituent of the diet.

L carnitine has essential role is in the transport of long chain fatty acids to the mitochondria, which provides the energy necessary for the physiological function of the cell, and also prevents fat accumulation. It positively affects the secretory function of the pancreas, spermatogenesis and sperm motility, as well as weight gain, fetal development, growth and development.

By improving and stimulating hepatic, biliary and intestinal functions, HEPAREN detox facilitates the digestion of all nutriments and the elimination of toxins during intensive production period or when changing diets.

Mixed herbal tinctures helps for appetite and better function for liver and kidney.

TARGET SPECIES: All animal species

DOSAGE:

By pressing content of syringe into the mouth of the animal in the necessary daily doses 5-10 days.

Dosage and administration for pets:

- Puppies 2-5ml / day for 10 days; adult dogs 10 ml / day for 10 days
- Young cats 2 ml / day for 10 days, the adult cats 5 ml / day for 10 days

ADVERSE REACTION: None

WITHDRAWAL PERIOD: None

SPECIAL PRECAUTIONS: Store in a dry and cool place protected from humidity and light. Keep away from children. Keep in closed containers.

WAY OF ISSUE: Without a prescription

PRESENTATIONS: 100ml, 60ml, 20ml

ANIMAL CONTROL FACILITY NUMBER: α RS 31-029

PRODUCER NAME AND HEADQUARTERS: VetPlanet doo, Vrsac, Vojvodjanskih brigada 16, Serbia
