

HIP&JOINT STAR

Feed additives for animals in tablets

COMPOSITION:

Nutritional Supplements:

- Glucosamine
- Chondroitin sulfate
- Methylsulfonyl methylene (MSM)
- Hyaluronic acid

Vitamins:

- Vitamin C

Trace elements:

- Manganese

Preservatives

USE:

HIP & JOINT Star is an advanced formula that protects the joint by promoting healthy joint tissue, normal function and flexibility. It contributes to the slowing of the damage in the joint cartilage, supports the increase of the joint fluid and helps to gain more comfortable mobility.

Vitamin C content strengthens the immune system against viruses and bacteria and also helps to prevent the formation of urinary stones by increasing the acidity of urine in cats and dogs with or tend to form kidney stones.

Glucosamine and chondroitin are natural compounds that provide the strong support needed to maintain healthy cartilage.

Hyaluronic acid is a key component that naturally lubricates joints and helps to relieve shock.

An MSM compound containing sulfur and other beneficial ingredients is a well-known supplement for supporting healthy joints. MSM promotes normal physical performance of healthy connective tissue and cartilage.

DOSAGE:

Dogs: 1 tablet per 10kg BW

It can be given over a long period of time. In severe cases, the daily dose may be repeated at 12 hour intervals.

TARGET SPECIES: Dogs

CONTRAINDICATIONS: Not described

ADVERSE FACTS: Not described

WITHDRAWAL: No withdrawal period

STORAGE PRECAUTIONS: Keep up to 25 ° C, protected from moisture and light. Keep out of reach of children.

METHOD OF ISSUE: Available without a prescription

PACKING: 60 tablets

OBJECT VETERINARY CONTROL NUMBER: αRS 31-029

MANUFACTURER'S NAME AND SEAT: VetPlanet doo Vršac, Vojvođanske brigada 16, Serbia
