- Oregano essential oil
- Garlic tincture
- St. John's wort tincture
- Calendula tincture
- Tea tree essential oil
- Apple cider vinegar

Vegetable oils:

- Coconut oil

Preservatives and solvents:

- Purified water

USE:

Otiherbal is a product that is intended for cleaning and care of the ear canal of pets. It is used in the treatment of external ear infections in dogs and cats (otitis externa). It contains essential oils and tinctures of calendula, rosemary, oregano, garlic, tea tree, which softens, hydrates and makes the skin more resistant. Otiherbal has high antimicrobial activity. It acts as an antiseptic and anti-inflammatory, and in the case of small and superficial wounds it helps in the treatment.

Apple vinegar acts as a disinfectant, but it also works by reducing the pH of the environment, which in many cases creates an unfavorable environment for the development of bacteria, in particular Pseudomonas.

OtiHerbal removes the dirt of the outer ear, ear wax and secretion. It also reduces the odor that causes the ear infection and promotes epithelization. This is a hygienic product intended for dogs and cats, whose flexible application and packaging makes it easy to apply.

TARGET SPECIES: Dogs, cats

DOSAGE:

Push OtiHerbal gel into the ear canal and massage the ear shell to distribute the gel evenly. So the dirt will be pulled out and ejected. Your pet will shake your head to remove the remaining dirt present in the ear canal.

For the prevention of otitis media and otitis externa, it is preferable to clean the ear canal once a week, and in dogs with chronic otitis 2-3 times a week. At the ear infection itself, the treatment should be repeated 2- 3 times a day for 2 weeks during weak infections and 3-4 weeks in severe inflammation.

For persistent and fluctuating ear infections, consult your veterinarian.

CONTRAINDICATIONS: None

ADVERSE REACTION: None

WITHDRAWAL PERIOD: None

SPECIAL PRECAUTIONS: Store in a dry and cool place protected from humidity and light. Keep away from children. Keep in closed containers.

WAY OF ISSUE: Without a prescription

PRESENTATIONS: 20ml, 100ml

ANIMAL CONTROL FACILITY NUMBER: α RS 31-029

PRODUCER NAME AND HEADQUARTERS: Vetplanet doo, Vrsac, Vojvodjanskih brigada 16, Serbia
