

# PetCalm gel

Feed additives for animals in gel

## COMPOSITION:

Natural components:

- Valerian extract
- Lemon balm extract
- Vetiver extract

Trace elements:

- Magnesium sulfate

Preservatives and solvents:

- Glycerin
- Xanthan gum
- Purified water

## USE:

PetCalm Gel with its balanced mixtures of essential oils and herbs acts against stress and anxiety.

Lemon balm and Valerian have been used both traditionally and contemporaneously as mild sedatives, anxiolytics and tranquilizers. Animals are relaxed but not sedated.

Magnesium sulfate as a dietary supplement together with plants extracts helps to reduce stress, and makes animals more calm in stages of the periods of intensified stress such as transport, temperature, veterinary procedures. As product has no residual effect on meat, it can be used before slaughtering. Using products by prescription has no influence on daily weight gain.

**TARGET SPECIES:** Dogs, cats

## DOSAGE:

By pressing the content of the syringe into the mouth of the animal in the necessary daily doses, if necessary repeat 5-7 days:

Dogs: small size 2ml, middle size 4ml, large 6-8ml

Cats: 2ml

Best results can be obtained if the product is given to the animal 1-2 days before the expected stress.

**ADVERSE REACTION:** None

**SPECIAL PRECAUTIONS:** Store in a dry and cool place protected from humidity and light. Keep away from children. Keep in closed containers.

**WAY OF ISSUE:** Without a prescription

**PRESENTATIONS:** 300ml, 100ml, 20ml

**ANIMAL CONTROL FACILITY NUMBER:** α RS 31-029

**PRODUCER NAME AND HEADQUARTERS:** Vetplanet doo, Vrsac, Vojvodjanskih brigada 16, Serbia
